POSSE KILLS TWO NEGROES

Dothan, Ala., July 31.—Two negroes are dead at Midland City, near here, as a result of efforts of a posse of citizens to capture negroes who Thursday night attacked the wife of a prominent farmer. The dead are Sills Spinks and Jester Jennings.

Spinks was killed when, it is alleged, he attempted to take a gun from a member of the posse. Jennings was killed later in the night. Andy Spinks, father of Sills Spinks, is in jail at Montgomery, charged with an attack several months ago on the same woman. Midland City authorities believe that the negroes attacked the woman Thursday night in an attempt to kill her and thus prevent her testifying against Spinks at his trial.

WHEAT FUTURES DROP

December Quotations Show 10 1-4 Cents Loss On Day's Trading.

Chicago, July 31.—Wheat futures on the Chicago Board of Trade yesterday dropped to figures below the price guaranted to producers under wartime legislation.

December wheat started 2 1-4 cents down from yesterday's close and lost another 8 cents before the close. The guaranteed price of wheat at Chicago was $2.26.

Baltimore, July 31.—Wheat broke 10 cents in the Baltimore market yesterday reaching the lowest point it has touched on the present crop movement and the lowest for more than two years. Should the present rate of decline continue, the local grain merchants say it will not be long before this grain will be selling on the basis as was guaranteed by the Government. The decline here followed the break in Chicago where the price went tumbling to its low point of the year. The December option in Chicago sold below the Government guaranteed price for cash wheat. That option was quoted at $2.22 3-4 at the close while the close while the Government guarantee for cash wheat of the same grade was $2.23 a bushel.

BOY TRIES SUICIDE

Turns Pistol On Himself When Doctor Says Playmate He Shot Is Dying.

Winsted, Conn., July 31.—Leslie Terry, 12 years old, son of Hubert Terry, is dead and George Douglass, 14, who shot him and then turned the revolver on himself, sending a bullet into his right temple, is in St. Francis' Hospital, Hartford. The shooting occured at the home of William Chapin in Collinsville.

A son of Chapin was entertaining three other boys' including Terry and Douglass, and they are said to have been playing with two revolvers, one loaded and the other empty, when Douglass accidentally shot Terry.

Dr. C. J. Killburn, who is also the medical examiner and lives next door to the Chapins, arrived before Terry died. He was working over the boy when he heard the crack of a pistol shot and, looking up a stairway, saw Douglass with a revolver in his hand. He took the revolver from the boy, who had shot himself after hearing the Doctor say Terry could not live. Terry died 10 minutes after being shot.

An autopsy revealed that his heart and left lung were punctured.

The recovery of Douglass is expected. He will lose his right eye.

Dollar Day

August 10 Will Be Great Bargain Day in Alexandria

Dollar Day, the greatest of all great bargain festivals of the entire year, will be with us again Tuesday, August 10, and its arrival will mean the saving of hundreds of dollars by the thrifty shoppers of the city.

Many have been the expressions of anticipation relative to the time of the holding of this big quarterly bargain sale and the announcement of the date August 10th, will probably be hailed with delight by the hundreds of thrifty housewives of the city who revel in the wonderful bargains displayed by the merchants throughout the city on this occasion.

Dollar Day, this time, promises to be one of the greatest events of the kind ever held in this city, as the merchants are planning to give bigger and better values than have ever been offered before, as this is the season of the year when Dollar Bargains can be found, without cutting the prices to such an extent that the holding of the sale becomes a hardship to the merchant.

Watch the Gazette for announcements that will interest every man, woman and child in the city.

IRISH RAIL HEAD ASSASSINATED

Frank Brooke, Friend of Lord Lieutenant French of Ireland Killed

MURDERERS ESCAPE

Trio Get Away After Vainly Trying to Shoot Their Victim's Companion —General Lucas Escapes

Dublin, July 31.—Frank Brooke, one of the most prominent men in Ireland and the closet friend of Viscount French, the Lord Lieutenant, was assassinated by three men at noon yesterday in the directors' room of the Dublin & Southeastern Railway in Westland row.

Mr. Brooke was talking with one of the directors, a Mr. Cotton, when the assassins entered the room and fired eight shots point-blank. Three of the shots hit and killed Brooke and three just missed Cotton. The assassins escaped.

The murder generally is attributed to politiqal motives. Robert Barton, Sinn Fein member of the House of Commons, was recently sentenced to prison after conviction on a charge that at Shillelagh last year he made threats against Viscount French and Brooke.

Brooke was chairman of the Dublin & Southeastern Railway and had connections with other business and corporate interests in Ireland. Born in 1851, he joined the navy in 1865 and retired in 1877 as a lieutenant.

Three soldiers and three Sinn Feiners were wounded Thursday night when a body of the latter disarmed a detail of military police in the heart of Dublin. The coup was said to have been the most audacious and spectacular that the Sinn Feiners have accomplished in the matter of disarming the military.

London, July 31.—Brigadier General C. H. T. Lucas, commander of the Fermoy military area, who was kidnapped late in June by the Sinn Feiners, has escaped. He reached the Tipperary military barracks yesterday, it is announced in Irish advices received here.

INDICTED AS AUTO GANG

Sandy Spring, Md., Grand Jury Charges Robbery of Bank and Murder.

John W. Mitchell and "Gunman Joe," Thomas, recently arrested in New York and Philadelphia, respectively, on suspicion of being among auto bandits who on April 26 last robbed the Sandy Spring bank and killed Director Francis M. Hallowell, were formally charged with the crime by a grand jjury at the Rockville Court House Thursday.

Two indictments were returned against each of the prisoners. One charges the men with the larceny of $5,317, and the other with the murder of Director Hallowell. Indicted with them were Clarence Adams, alias Joseph Kane, and John Kelly, alias Frank Wilson, now in the Baltimore City jail.

State's Attorney Dawson prepared extradition papers on which Thomas will be brought to Baltimore from Philadelphia.

A special session of the Circuit Court for Montgomery County will be called at an early date to try the four men, it was declared yesterday. It is believed a change of venue will be asked.

SPORTS

The first of a three game series to determine the championship of Northern Virginia will be played on the High School grounds Sunday at 3 o'clock between the Dreadnaught and Clarendon clubs. From present indications a record crowd will attend, and as both clubs are even matched in strength, a close and hard fought game is expected. The fans will remember the Clarendon team, which visited this city twice last season, returning to their hamlet with the Northern Virginia Championship tucked away in their bat bag, and practically the same line up will be seen tomorrow for last year champions. The locals are rallying, after their bad start against the Knickerbockers, which resulted in their first defeat in twenty-four starts, and after an extensive practice, with a few changes in their line-up are on edge for this big battle and are hoping for a win over the fast Clarendon aggregation. "Shorty" Hughes, the well known umpire will handle the game which will begin at 3 o'clock sharp. Ladies are cordially invited by the local club to witness this game, grand stand seats will be provided by the management.

UNABLE TO NAME MASTS

Disappearance of Sailing Ships From High Seas Responsible

Quantico, Va., July 31.—That the distinctly American sailing ship has disappeared from the high seas is evidenced by the fact that only fifty per cent of the Marines studying Navigation at the Marine Corps Institution here could tell the names of the seven masts, at an examination held here recently.

The Marines keep themselves keenly alive to things nautical, as well as military, and that only half of their class could name the seven masts is due entirely to the fact that there are now no seven-masted schooners flying the American flag.

Fore, main, mizzen, pusher, driver, jigger, and spanker are the names in order, running fore and aft of a seven masted ship. Some authorities give them the names of forecastle fore, main, mizzen, jigger, spanker or driver and aftermasts. Others compromise by naming them from bow to stern after the days of the week, beginning with Sunday.

DECLARES FOR "OPEN SHOP"

U. S. Chamber of Commerce Adopts Platform on Industrial Relations

By an overwhelming referendum vote the membership of the Chamber of Commerce of the United States has adopted a platform on industrial relations which, among other things, declares for the right of "open shop" operation in industry and for making labor organizations, the same as organizations of employers, legally responsible "to others for their conduct and that of their agents."

Answering two allied propositions submitted at the same time, the members took a position that strikes in public utility operation should be forbidden by law and that tribunals should be set up with power to fix wages and working conditions for employes of utilities.

LA FOLLETTE ON TICKET

Wisconsin Senator Consents to Run as Candidate of 48 Committee

Detroit, Mich., July 31.—Senator Robert M. La Follette has consented to run for President on a ticket to be placed in the field by the Committee of Forty-eight, it was announced last night by Howard F. Williams, national vice chairman of the Forty-eighters, who is here to take charge of the campaign in Michigan.

Williams said the ticket would be in the field in about thirty-four States in addition to Michigan.

The Senator consented, Williams said, after he had received thousands of telegrams urging him to run "so millions of voters who are disgusted with the old parties and do not approve of political action on class lines may not be disfranchised this fall by having no candidate for whom they can vote.

"The Senator," Williams added, "believes first that the failure of the Forty-eighters and the laborites to unite in Chicago had spoiled the chances for establishment of a permanent Progressive party this year, as much as he was willing to aid in its formation."

RUSSIA DEMANDS THE RIGHT OF WAY

Soviet Proposals Would Eliminate Country As Barrier to Germany

TEUTON HAND IS SEEN

Claims, It Is Said in Washington Would Defeat Treaty Purposes Of Allied Powers.

Washington, July 31.—Demands which, in effect, would eliminate Poland as a barrier state between Russia and Germany will be presented by Soviet Russia as conditions to peace with Poland, according to confidential information to the Government.

The soviet peace demands also will facilitate an alliance between Germany and Russia, according to the Government reports.

These advices were looked on by officials here as showing that Germany may have a hand in the Bolshevik counsels and that her interests will be taken care of as well as Russia's in the negotiations with the Poles.

According to Government advices, these are two of the principal conditions to peace which will be demanded by Soviet Russia:

1. Free passage across Poland.
2. Restoration of Posen to Germany.

It is feared by officials here that the soviet demand for freedom of transit across Poland will call for free passage of both individuals and freight across the country without any restrictions. This would effectually eliminate Poland as a barrier state, and provide a direct connection between Germany and Russia, it was pointed out.

The second demand would provide direct mitigation of the Versailles treaty in favor of Germany. The province of Posen, valuable economically and agriculturally, was obtained from Poland by Germany at the Congress of Vienna and under the Versailles treaty was restored to Poland.

Both of these demands would defeat the Allied purposes in the making of the German treaty. Military men here were skeptical that the Allied Powers could prevent the conditions being forced on Poland.

Government observers say there is no doubt that Germany and Russia are working together now.

After Milkmen

Four Fined in Police Court For Failure to Obtain Permits

The city health department has launched a crusade against milk dealers who come into Alexandria without having the required permit from the health department and sell milk.

As a result of the crusade four milk dealers from nearby points were arraigned today in the police court before Justice Thompson and fined $5 each.

Dr. Louis E. Foulks, city health officer stated today that when permits are obtained by such dealers the health department investigates their places and also examines the cows and does everything within its power to see that the laws regarding the sale of milk from such places are strictly complied with.

BELIEVE TANKER LOST

New York, July 31.—Fears that the tank steamer Kehuku, which left here July 26 for Port Lobos, Mex., may have been the unidentified tank steamer believed destroyed by an explosion off the New Jersey coast Tuesday morning was expressed here today by her owners, the Columbus Shipping Company. This fear is augmented, it was said, by failure of the ship to respond to wireless calls.

The Kehuku was in ballast, but shipping men handling oil tankers said that there would be sufficient highly explosive gas in her hull to destroy the ship should it be ignited.

The steamer carried a crew of about twenty men, and was in command of Captain J. Robertson. She was built this year at Wilmington, Del., for the United States Shipping Board and allocated to the Columbus Shipping Company. The vessel registered 5,107 gross tons.

BOLSHEVISTS' OVERTURE

Soviet Reported to Have Sent Conciliatory Message to Berlin

London, July 30.—A wireless dispatch from Berlin states that George Tchitcherin, Bolshevist Minister of Foreign Affairs, has sent a message to the German government saying that Russia has no intention of conquest in Germany and is inspired only by feelings of friendship.

According to a military review issued at the War Office in London, the Red commander has issued a similar statement, giving two reasons: first that Russia desires to live peaceably and promote industrial relations with Germany; second, that Russian invasion of East Prussia would provone the strongest natinal reaction in Germany, which obviously is not the Soviet's intention.

The review says that General Baron Wrangel, anti-Bolshevist commander in South Russia, uniformly repulsed the Bolshevists in attempts to force the Dnieper line.

Commenting further on recent operations, the reveiw says it is reported in Syria and Cilicia that French troops have invested Mersina, Tarsus and Adana.

PICTURE IS A WINNER

Sand has often been defined in various ways, but the majority of people accept the version that it is a substance that usually forms the bottom of streams and furnishes no end of amusement at bathing beaches.

But when you combine a willingness to help friends in trouble, to face a gang of bloodthirsty train robbers, to jump a horse off a 100 foot cliff into the river and then to swim ashore in the face of a hot rifle fire—all these furnish the "Sand" displayed by William S. Hart in his big picture of that name which was shown at the Richmond theatre last evening and which will furnish the entertainment again this afternoon and evening.

This is the first production of this famous star's own company to be shown here and that it is a drawing card extraordinary was shown by the large crowds that visited the theatre at practically every performance yesterday.

This versatile star starts the action by taking a job as telegraph agent in a small western village, shows a lot of sagacity in the hiding of a roll of money, when he had a hunch that an attempt would be made to steal it, finally runs foul of a crook who is a director of the railroad and goes back to cowpunching, but never gives up the idea of landing the train robbers who have several times, held up the trains in the neighborhood. How he finally accomplishes this, furnishes the climax of the play. Mary Thurman, formerly of Mack Sennett Bathing Beauty fame, supports the great western star in this picture, and certainly shows that she is too good an actress to be wasted in comedy.

This picture will be repeated this afternoon and tonight.

SECOND BAPTIST MAINTAINS LEAD

Advances Five Points and St. Paul's Drops Back Two Points.

SLUMP LAST SUNDAY

Contest Will Close Sunday Preceding Labor Day—Winner To Be Given Dinner by Losing Schools.

Will the Second Baptist Sunday school overtake the St. Paul's Sunday school in the Y. M. C. A. attendance campaign? That is the question that is uppermost in the minds of those having the management of the campaign in hand.

Last Sunday for the second time in succession the Second Baptist school passed the 200 per cent mark and craweled up to within eleven points of the undisputed leaders up to this time. The Second Baptist advanced their standing five points while the St. Paul's dropped back two points.

The question is, will the contenders for first place be able to keep up the tremendous pace they have set the last two weeks, and will St. Paul's keep drooping back? Friends of both schools are optomistic. Those of St. Paul's maintain that they will easily hold thier lead to the last, while the adherents of the King street school state that they are already preparing to eat at the expense of the other schools.

Last Sunday's attendance dropped back considerably—almost to the Fourth of July slump. But the secretary of the Y. M. C. A. is undaunted and points out that this is the hottest time of the year. He also calls attention to the fact that many schools having given up all hope of winning, have also doubtless ceased somewhat the drive for attendance.

Because of many questions the complete record is published this week St. Paul's, 100 per cent base 65, attendance this week 110, per cent this week 154, average per cent 178. Second Baptist, 100 per cent base 93, attendance this week 189, per cent this week 203, average per cent 167. Methodist Protestant, 100 per cent base 75, attendance this week 104, per cent this week 139, average per cent 138.

First Baptist, 100 per cent base 251, attendance this week 360, per cent this week 103, average per cent per cent 128. M. E. South, 100 per cent base 312, attendance this week 312, per cent this week 100, average per cent 121. Trinity M. E., 100 per cent base 76, attendance this week, 101, per cent this week 133, average per cent 118.

Second Presbyterian, 100 per cent base 160, attendance this week 161, per cent this week 101, average per cent 108. Christ Church, 100 per cent base, 150, attendance this week, 128, per cent this week 85, per cent 104. Grace Church, 100 per cent base 105, attendance this week 88, per cent this week 84, average per cent 103.

He was severely cut about the head and face. The car was smashed into pieces.

THE PRICE OF COAL.

We are now in mid-summer, but winter is coming, and it will doubtless come too soon for many—those who are letting the warm weather pass without preparing for chilly blasts which will be in evidence within about three months.

Fuel is a necessity: a grim necessity, when the giants of the north begin to use their conch shells.

Prices of coal have reached a high-water mark this year, and there is no pospect in sight for lower rates. In fact, with conditions at the mines and the crippled transporation facilities, probably we have not reached the worst:

The Philadelphia Record prints a statement of the cost and price of coal at various stages that is worth some attention. Comparing 1920 with 1914, the cost of coal at the mine appears to have increased from $2.34 to $3.90 a ton. Of the increase, amounting to $1.66, labor got $1.12 supplies account for 37 cents, and general expenses for 17 cents. To this cost at the mine is added the operator's margin, which is given as 40 cents in the earlier year and 65 this year, an increase of 25 cents. Adding this to the f. o. b. mine cost, the price realized by the operators is increased from $2.64 to $4.55, an increase of $1.91. The margin of the sales agent is given as 21 cents six years ago and $1.62 now. This brings the coal up to $6.17 instead of $2.85 in 1914, an increase of $3.32. Then the freight rate (in this case to Washington) has increased from $1.87 to $2.43. By this time the coal has advanced from $4.72 to $8.60. To this must be added the retailer's margin, which has increased from $1.37 to $2.29, which carries the whole cost of coal up from $6.09 to $10.89, an increase of $4.80.

This last item is made up of $1.12 increased cost of labor at the mines, 56 cents increased railroad freight, 54 cents increased cost of mine supplies and general expenses, and $2.58 the increased margins of the mine operator, the sales agent and the retailer, more than one half of which is the increased margin of the sales agent.

Doubtless it costs more to do business now than it did six years ago, but we observe that if these figures are to be accepted the mine labor cost has increased 70 per cent. and the three margins of the operator sales agent and retailer have increased 130 per cent., from $1.98 to $4.56. The retailer of course, would explain that it cost him more to handle and deliver the coal, but the mysterious item is the increase from 21 cents to $1.62 in the margin of the sales agent.

AUGUST TYPHOID MONTH.

August is the month in which typhoid fever reaches its peak in Virginia. In order that this disease may be forestalled as much as possible, and in order that the state's magnificent record in the reduction of the incidence of this malady may be maintained, State Health Commissioner Ennion G. Williams repeat his recommendation to the people of the state that they avail themselves of the comparative immunity form typhoid fever conferred by vaccination. While this preventive measure is in order anywhere and at any time it is especially indicated in communities where there are cases of fever or where there have been recent outbreaks. Vaccination, of course, does not mean that any sanitary measure should be relaxed. Every provision should be made for the protection of the home water supply and for the proper sanitation of the premises.

Alexandria has ever had much for which to be thankful. We have greater reason at present than at any previous year. Typhoid fever is not prevailing here at present. As has been stated in the Gazette, no cases have been reported to the health authorities for over a month. Every effort is being made to eliminate conditions likely to produce this dreaded malady. Let the good work go on, and every citizen vie not only in rendering our city sanitary, but in keeping it so.

NO STRIKE IN FIFTY YEARS.

There was an interesting ceremony at Northwich, Eng., recently says the Manchester Gurdian, when over a thousand men, representing the technical and commerical staffs, the foreman, and workmen of Brunner, Mond & Co. assembled to present to the directors an illuminated address and to the chairman, Mr. Roscoe Brunner, a silver salver, in recognition of the firm's treatment of its employees.

Letters of good will were read from trade union leaders. One wrote that the Brunner, Mond Company is a pattern to employers—to be in existence fifty years without the employees resorting to the strike weapon, especially in these latter days, was unique.

In responding, Mr. Brunner reviewed the industrial conditions, and said that since the war a spirit of indiscipline had shown itself amongst employers and employer, and without discipline no section could give good service. Profiteering and illusory rises in wages which led to rises in prices were bad service. He urged the adoption of a scheme for securing a proper pre-war rate of wages with an addition for an increased standard of comfort, and increase or decreases according to the cost of living measured on a proper basis.

MOVIES

RICHMOND—William S. Hart.

Go to the furthest reaches of the North to the heart of the Antipode into the land of the lotus or the shadow of Cathay; seek the veriest hamlet in North America or a quaint town somewhere in the shadow of the Pyrenees—and you'll find people who know "Bill" Hart as well as they know their own names. No one man has ever succeeded in bringing the far west of America to the world's attention as has Mr. Hart and in "Sand!" his latest picture which will be seen again tonight at the Richmond. Mr. Hart presents a phase that is undeniably thrilling, but tempered by a delicious love story and an abundance of human interest. William S. Hart is a star of stars. His popularity is a byword. As someone recently remarked: "Here's to Bill Hart—may his shadow never grow less." Certainly his shadowed personality on the screen of shadows, will never be less virile, less popular, for he gains with every passing month, seemingly, in the hearts and minds of the great public of the wide world.

INGOMAR—J. Warren Kerrigan.

J. Warren Kerrigan's latest Brunton production, "No. 99," released by W. W. Hodkinson and at the Ingomar Theatre today is without a doubt the most colorful and entertaining star has ever produced. It is a fast moving story of New York society life from the original magazine serial by Wyndham Martyn, the eminent English author who wrote "The Man Outside" and "All The World to Nothing."

There was a time, a few months ago, when houses for rent or for sale were conspicuous by their absence. When families were leaving the city for other places, owing to the fact that they were unable to beg, borrow or rent a place in which to live.

However, this condition does not exist in such great measure today. Houses are more plentiful now than at any time during the past few years but this condition may not remain.

Real Estate dealers throughout the city are continually asking the question—Why should a man pay a big rental for a house, when for a small initial cash payment, he can buy a piece of property and pay for it on the same conditions as paying rent for a home?

In an effort to further the purchasing of property, the various real estate dealers of the city have banded together and every Saturday they are planning to run a number of specially good bargains in real estate and it is to the best advantage of any prospective property owner in the city to read these advertisements, then make a personal visit to the offices or office and then visit the property and find out the value of the house or property advertised.

Don't fail to watch for this page of advertisements in every Saturday edition of the Gazette until further notice.

VIRGINIA NEWS

Judge J. M. Mullen, of the hustings court of Petersburg, on Thursday overruled the motion for a new trial in the suit of Mrs. Carrie Lucas, of Montpelier, Va., against the Atlantic Coast Line Railway Company for $10,000 damages. The suit was heard January 30 last, the jury giving a verdict for the plaintiff for the full amount, for which the suit was brought. The suit was for injuries alleged to have been received by being struck by a passenger train on the defendant company's road while seated in an automobile, by being caught in between the automatic gates at the East Bank street railway crossing. The case will probably be taken to the supreme court of appeals of Virginia.

E. B. Parrish, a brakeman, thirty-seven years old, of Raleigh, N. C., was instantly killed Thursday night when he was knocked from the top of a box car of the Seaboard Air Line while the train was passing under a bridge in the rear of the Southern Stove Works, in the West End of Richmond.

Hearing that Prohibition Agents intended to use bloodhounds stationed in Danville to run down blockade runners. P. S. Ford of Martinsville who owns 28 throughbreds, two of which are stationed here, telephoned Thursday that if they were used for this purpose he would recall the hounds.

Miss Catherine Van Pelts, twenty-two years old, of Brunswick, Md., early Thursday night was instantly killed when an automobile in which she was riding with two friends turned turtle on a road two miles from Roanoke.

Clerks in Richmond are insisting that more work can be done in eight hours than in ten, and with this in view a committee has been named to discuss the matter with the city attorney.

The adoption by the Danville City Council recently of an ordinance compelling householders to use metal garbage cans with tight-fitting tops instead of open barrels has spelled ruin for a number of gardens. This at least is the only explanation which has been made for the widespread damage which is being done to vegetables by rats. Denied access to waste, rats have invaded the gardens and, according to Dr. C. T. Carter, can be seen in broad daylight high up on a stalk of corn devouring the grain. Tomatoes and butter beans show where they have been chewed.

DON'T WASTE TIME

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp, stabbing twings. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this.

William Dawson, blacksmith, 806 Duke street, Alexandria says: "Before I started using Doan's Kidney Pills I had rubbed my back with liniments and taken different remedies up anything and I had to take hold of something to help me straighten up. Mornings my back felt as though it were broken. Sharp, shooting pains would catch me, and I got so I though thought I would have to give up. Finally, through the recommendation of a friend, I tried Doan's Kidney Pills, which I bought at Summers' Drug Store. Doan's soon convinced me they were the remedy I needed, and before long my back felt so strong I could shoe horses all day and not feel a bit worse for the strain." (Above statement given April 13, 1915).

Lasting Results

On March 14, 1919 Mr. Dawson added: "The cure Doan's Kidney Pills gave me has proven permanent. I can't say too much for Doan's."

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again—**shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only
EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
